

Seasonal Pinning Planner

The following planner guides you through what to pin and when. For major events, it's always a good idea to start your pinning 3 months in advance. For some more niche areas, they are included a few months before they often start trending. Some areas appear just once or twice because they're smaller but worth mentioning and being aware of.

Month	What to Pin
January	Easter, Valentines, Healthy Food, Fitness, Spring, DIY, Saving Money, Decluttering/Organisation
February	Easter, Healthy Food, Fitness, Spring, St. Patrick's Day, Spring Weddings
